

Connecticut Customized Employment Technical Assistance Community of Practice

The State of Connecticut Departments of Aging & Disability Services (ADS) and Developmental Services (DDS) will be offering a Customized Employment (CE) Technical Assistance Community of Practice to provider agencies. All provider agencies are welcome to join: those curious about Customized Employment, those currently in a CE Certification Course, and those currently providing CE Services. Two more sessions of the CT CE Certification Course begin in February 2023. Openings are still available, access the application [here](#).

Meeting Format

PART 1: The first half of the meeting will be an informational session led by the ADS-DDS CE Project Team to review the Connecticut Customized Employment process.

– Quick Break –

PART 2: The second half of the meeting will be time for providers to discuss the process and address ongoing concerns.
